

Aesthetically pleasing electrical distribution box concealment

Overview

To conceal an electrical box elegantly, consider using a decorative wall piece that is larger than the box, complementing your décor and allowing easy access. Those utilitarian metal or plastic squares can sometimes disrupt the flow and visual harmony of a well-designed room. But fear. In this guide, I'm excited to share with you 15 creative and surprisingly simple ways to transform your ugly electrical box from an eyesore into a part of your home you might actually want to show off. Why Hide Electrical Boxes?

Imagine walking into your living room, everything beautifully arranged, and then—bam! Your eyes land on an electrical box sticking out like a sore thumb. Wallpaper can provide camouflage when sealed for. A panel box, also known as a breaker box or electrical panel, is a metal enclosure that contains the main electrical panel, circuit breakers, and wiring. Any modification, however, must prioritize safety and accessibility.
