In this edition, we discuss Light & Power's rate case, the use of wooden poles versus concrete poles, and much much more. In this edition, we talk about the impacts on global oil prices and electricity, hurricane preparedness and our 'Support A Family' community initiative. This message is cascaded throughout the company to ensure high alert among all staff. Trust, honesty. Protect Against Power Failures - Monthly checks reduce unexpected outages and keep operations smooth. Ensures Compliance & Safety - Meets Barbados safety codes and helps prevent fire risks and electrical hazards. Extends Equipment Lifespan - Regular inspections catch issues early, saving costly. Government Electrical Engineering Department carries out electrical inspections of residential, commercial and industrial electrical installations to ensure they meet national standards.
