RJ45 connector, IE FC RJ45- Implementation of direct device connections of up to 100 m with Industrial Ethernet FC installation cable 2 x 2 without using patch technology - Easy connection (insulation displacement contacts) for 4-wire Twisted Pair installation cables (100. CCA-1-CL-PSM - CCA-1-CL-PSM CC add 1 client. CCA-1-CL-PSM CC add 1 client. Component housings in a single frame are fitted with different inserts. The basic easy-to-install housing consists of an insert plate with two data connections. The Connector IE FC 4x2 RJ45 from the Industrial Ethernet Series is designed to provide reliable and high-speed connectivity for your industrial networks. With a 180° orientation and Cat6A rating, this connector ensures optimal performance and durability in demanding environments. Its robust. Problems often occur on-site when laying the cabling for industrial plants: when stripping the cable, assembling the plug-in connector, or connecting the cores.
