

# How much does it cost to connect cable junction boxes

## Overview

Junction box installation costs \$100 to \$300 for parts and labor, depending on the installation location, accessibility, and the electrical box size, material, and indoor or outdoor rating. Plastic junction boxes for indoor wiring cost 50% to 80% less than metal boxes but aren't as durable. If you're planning any electrical work, one of the small but important items on your list will be the junction box. Here's a breakdown of the primary factors: The cost of the junction box itself varies based on its material (plastic or metal) and. Homeowners typically pay a broad range for electrical box installation, driven by box type, wiring complexity, and local labor rates. Cost and price details focus on realistic estimates. Having uncovered the general components contributing to your junction box installation bill, let's now peel back the first layer of complexity: the tangible items that make up the cost.
