

# Intelligent Data Center Manufacturers

## Overview

CRN's list of 25 companies that are paving the way for the AI revolution in data centers and at the edge include tech behemoths such as Cisco Systems, Intel, Dell Technologies, and Hewlett Packard Enterprise. With enterprises of all sizes optimising artificial intelligence (AI) into operations, the sheer weight of powering this rapidly advancing technology is placing a cumbersome burden on data centres. The power consumption of data centres has gone up immensely owing to the intensely-wide AI adoption. Socomec launches energy audit initiative for UKI data. Socomec, a specialist manufacturer of low voltage power management. This Top 10 list from Data Centre Magazine highlights the leading data centre equipment manufacturers engineering the vital components that keep these mission-critical facilities running. Modernize with a complete stack: physical connectivity, software-defined orchestration, observability and security.

## Article Content

AI Data Centers | CyrusOne

At CyrusOne, we have mastered the design of data centers enabled to support the intense computational demands of artificial intelligence

Think Topics | IBM

Explore what a data center is, and how you can centralize IT infrastructure in a data center, housing applications and services in a secure way. Learn about the differences between hard disk drives

Top 10: Modular Data Centre Companies | Data Centre

Discover the top 10 companies driving the future of modular data centres with innovative, scalable and sustainable infrastructure solutions

The leader in digital and AI solutions-H3C-H3C

Data secured, network limitless, and easy to O& M workspace Empowering personalized learning with intelligent, adaptive solutions Empowering smarter

Intelligent Data Centres – Providing Unparalleled Technology

Altearea, France's leading low carbon urban transformation group, and Vantage Data Centres, a leading global provider of hyperscale data centre campuses, have announced the signing of a partnership to

AI Data Center Company Evaluation Report 2025

These data centers play a crucial role in industries that rely on AI for large-scale data analysis, such as autonomous vehicles, genomics, financial forecasting, and personalized content...

Top 10: Power Distribution Unit Companies | Data

Data Centre Magazine spotlights some of the world-leading companies that deliver power distribution units to support data centre development

Intelligent Data Centres – Providing Unparalleled

Socomec, a specialist manufacturer of low voltage power management solutions, has announced the launch of its new energy audit programme, aimed at helping

Top 10 Data Center PDU Manufacturers for 2025

Explore the top 10 data center PDU manufacturers for 2025, offering innovative, energy-efficient solutions to optimize power distribution and reliability.

The 25 Hottest AI Companies For Data Center And

As part of CRN's 2025 AI 100, here are 25 companies, driving innovation when it comes to the data center, PC and edge computing markets.

Data Center Company & Enterprise Network

Equinix operates data centers engineered for reliability at global scale for more than 300 Global Fortune 500 companies. Modernize with a complete stack: physical

Huawei launches the Intelligent Data Center Service

At the Industrial Digital Transformation Conference 2020 which was livestreamed globally, Huawei officially released its Intelligent Data Center

Global Data Center Solutions Powering Advanced AI & Cloud

Check smart ABB Data Center Solutions. Delivering Global Expertise in AI-Driven Efficiency, Scalability & Next-Gen Infrastructure.

Top 10 AI Data Centre Companies for 2025

This article tells you everything about an AI data centre, what it is, how to make it more energy-efficient and the best AI data centres in the world.

Top 10 Largest Data Center Companies in the World 2026

The article explores the top 10 largest data center companies in the world, their scale, strategy, and market influence, major acquisitions, and multi-billion-dollar equity deals shaping the future of global

The 25 Hottest AI Companies For Data Center And Edge: The 2025 ...

CRN's list of 25 companies that are paving the way for the AI revolution in data centers and at the edge include tech

Top 5 Modular Data Center Manufacturers: A Comprehensive

Modular data centers have emerged as a popular choice due to their flexibility, speed of deployment, and cost-effectiveness. In this article, we will explore the top five modular data center

Top 10: Data Centre Equipment Manufacturers

From NVIDIA and Dell to HPE and Vertiv, Data Centre Magazine explores the Top 10 equipment manufacturers driving digital infrastructure innovation

Gartner | Delivering Actionable, Objective Insight to

Gartner provides actionable insights, guidance, and tools that enable faster, smarter decisions and stronger performance on an organization's mission-critical priorities.

Top 10: Data Centre Companies in the World 2024

The data centre industry is one of the fastest growing worldwide and is experiencing higher demands than ever before. In line with the rapid

The 25 Hottest AI Companies For Data Center And Edge: The 2024 ...

Here are the 25 companies leading the AI revolution and innovation race in servers, chips, networking, storage,

TWSC inaugurates Guangming intelligent manufacturing base for high

According to a PR Newswire Asia press release, **TWSC** held the official launch ceremony for the **Guangming Intelligent Manufacturing Base** at **Guangming Science City**,

Informatica's Intelligent Data Management Cloud

Unleash the power of data with Informatica's Intelligent Data Management Cloud, an enterprise-scale solution for next-gen data management.

AI Data Center Companies: Leading Providers in 2025

Discover the top companies powering AI data centers in 2025. From scalable infrastructure to energy-efficient designs, these leaders deliver reliable solutions

Global Data Center Solutions Powering Advanced AI & Cloud

From cloud environments to gigawatt-scale AI, we work side by side with customers and partners to deliver the world's most advanced data centers. Our global solutions, engineered locally,

Marvell Technology, Inc. | Essential technology, done right

Designed for your current needs and future ambitions, Marvell delivers the data infrastructure technology transforming tomorrow's

12 Top Data Center Companies 2026

Discover the 12 top data center companies in 2026, driving innovation and efficiency in global data management and storage solutions.
