

Madagascar Transmission Network Fiber Optic Cable

Overview

The 01 ER December 2025, Orange Madagascar has inaugurated a new fiber optic link 558 km. This is between Antananarivo and Mahajanga. It strengthens the national network and secures communications in the Northern region. Telma has partnered with Vodafone to link Madagascar to this first cable system designed to serve the whole of Africa and bring a seamless international connectivity up to three billion people. This new infrastructure will significantly reinforce Telma's capability to meet the fast-growing demand. 2Africa was announced in May 2020 and is being rolled out by a consortium backed by Meta (Facebook) along with partners China Mobile International, MTN GlobalConnect, Orange, center3 (stc), Telecom Egypt, Vodafone/Vodacom and the West Indian Ocean Cable Company (WIOCC). The 2Africa East cable. The Madagascar Fiber Optic Cable Market is poised for steady growth rate improvements from 2025 to 2029. The project, entrusted to Huawei, will be financed to the tune of USD 47.
