

# New Zealand 10km optical module

## Overview

This 1310 nm DFB 10Gbps SFP+ transceiver is designed to transmit and receive optical data over single mode optical fiber for link length 10km. Grandstream SFP+ Fiber Module, Single-Mode, 1310nm, 10-Kilometer, 10Gbps, LC (Sold Each) Go Wireless NZ have been a proud Grandstream Master Distributor in New Zealand since 2013. The SFP+ 10km module electrical interface is compliant to SFI electrical specifications. The transmitter input and receiver output impedance is 100 Ohms. SFP+ transceiver optimised for high performance and cost effectiveness to supply customers the best solutions for telecommunication and data communication. Bi-Directional Transmit 1270nm / Receive 1330nm Please feel free to contact us about this item, and we will recommend an IT Sales and Service. Aten 2A-137G 1. As a hotpluggable module with a standard duplex connector for fiber communications, the 2A-137G works with single-mode-fiber. Optical Interoperability with 10GBASE XENPAK, X2, and XFP Interfaces On the Same Link Use the Compatibility Tool to verify FS transceiver compatibility with your device and access test reports.
