Our Quotation includes goods cost, shipping cost and trading charges. SJ-ODF-03 576 cores ODF fiber optic provides a pre-terminated, pre-configured and reliable optical solution for the most critical applications in electrical power generation, industrial automation and control systems. Pre-terminated ODFs with cables are pre-installed with connectors and cable for quick and easy installation. Standard 19" installation; fully enclosed structure; with high. An optical distribution frame (ODF) is a frame used to provide cable interconnections between communication facilities, which can integrate fiber splicing, fiber termination, fiber optic adapters & connectors and cable connections together in a single unit. The basic requirement is ODF should allow.
