

Qatar butterfly-shaped drop cable 2 cores

Overview

2 Cores 2x3mm Butterfly flat FTTH drop cable uses butterfly flat structure. 2pcs of SM G657A1 or G657A2 optical fiber units are positioned in the center. Two core flat drop cable for Fibre To The Home (FTTH) application, the cable is constructed with two single mode fibres protected by dielectric strength member made of fibre reinforced plastic (FRP) strength member and LSZH outer jacket. It is very light in construction and easy to install. The cable features a robust LSZH black jacket, ensuring protection against environmental stressors while minimizing fire hazards, making it ideal for outdoor installations. Equipped with G657A1 fiber core, this cable provides exceptional single mode performance, delivering reliable connectivity. Product Description: Product application: The butterfly optical cable is the novel user access optical cable which combines the characteristics of the indoor soft optical cable and the self-supporting optical cable together, the butterfly optical cable is the best alternative choice for. Fiber optic cables are the backbone of modern telecommunications, enabling high-speed data transmission across vast distances. As Qatar continues to advance its infrastructure, the demand for reliable fiber optic solutions has surged.
