

Zimbabwe Steel

Overview

Zimbabwe's got itself a brand new iron and steel manufacturing plant, courtesy of the Chinese. 5 billion Chinese-built plant's blast furnace recently came online and is already producing pig iron, a crucial ingredient for making steel. DISCO is subsidiary of Tsingshan Holding Group, one of the world's largest stainless steel producers. All our iron and steel products are produced. Steel Centre International supplies roofing sheets, fencing, structural steel, reinforcement steel & building materials. Order Online & get. ZISCOSTEEL Limited is a State Owned Enterprise (SOE) involved in the sustainable production and supply of value added iron and steel products and engineering services, with subsidiaries Buchwa Iron Mining Company (BIMCO) involved in the mining of Iron ore and Limestone upstream and Lancashire Steel. In August 2025, Zimbabwe once again found itself in the global spotlight with the announcement that Tsingshan Holding Group, one of China's leading industrial giants, would invest a further \$800 million into its steel operations in the country. The YouTube documentary "HOW AND WHY AFRICA'S \$800. Need Help?"

Chat with us In the 2026–2030 National Development Strategy (NDS3) and 2026 National Budget released last week, Zimbabwe has positioned the Manhize steel plant as the anchor of a new integrated industrial era—one designed to slash the country's US\$1. 9 billion steel import bill, deepen value addition, and pull.
